<p><i>Brief Statement of Research Interest</i></p>	<ul style="list-style-type: none"> <li>• <i>Community Nutrition. The component of nutrition sciences holding a key position in the reducing of mortality and morbidity in community. With different approaches one can treat malnutrition, but we can prevent malnutrition only focusing on community by changing unhealthy behavior and practices. The one and sustainable solution of malnutrition. I always prefer to focus on community nutrition and specially under 5 years of children</i></li> </ul>
